

Explore the Cosmos! New Scout Programs

- at the -

Krupowicz Planetarium

Located in Gaudet Middle School

1113 Aquidneck Avenue, Middletown, RI 02842

Brownie Space Explorer Try-It!

3-2-1 Blast-off from Earth and explore space inside the planetarium. Learn to identify the North Star, Big and Little Dipper, and other favorite constellations. Learn why our moon changes, how you would have to dress for your space journey, and explore our space-tacular solar system. *Includes a live planetarium program and activities.*

Brownie Space Movers Try-It!

Get ready to fly! Travel to the cosmos in the planetarium. Build paper airplanes, rockets and gliders as you discover features in airplane and rocket design that take advantage of wind. *Includes a live planetarium program and activities.*

Junior Girl Scout Aerospace Badge

Do you have the right stuff to become an astronaut? What would it be like to be a part of a space shuttle mission? What type of food do astronauts eat and how would it taste? Head to the cosmos in the planetarium and learn the answers to these questions and more. Get ready for a fun-filled space adventure complete with gliders and rockets!! *Includes a live planetarium program and activities.*

Junior Girl Scout Sky Search Badge

Become an astronomer!! Learn to use star maps, identify groups of stars, locate visible planets and find your directions at night in the planetarium. Learn why the North Star is so important and what planets we can see in the night sky. *Includes a live planetarium program and activities.*

Cub Scout Space Badge

Take a trip into space with a space-tacular planetarium show! Learn to identify the North Star, Big and Little Dipper, and other favorite constellations. Build gliders as you discover features in rocket design. Become junior astronauts to understand what it is like to live and work in space! *Includes a live planetarium program and activities.*

Boy Scout Astronomy Badge

Blast off into an out of this world experience exploring the outer realms of space in planetarium! Explore the many facets of astronomy as you learn about the sun, moon, and planets...investigate intricacies of telescopes...map the stories of the stars...discover how the night sky can be used as a calendar and a compass. *Includes a live planetarium program and activities.*

Boy Scout Space Exploration Merit Badge

Explore the universe in the planetarium. Understand the laws of motion, importance of space technology, discover the Apollo programs, International Space Station, and future of human space exploration, and learn what the probes are revealing about the planets and moons of our solar system. *Includes a live planetarium program and activities.*

Cost: \$45.00 up to 10 scouts and 1 troop leader
\$4.00 for each additional cub/boy scout
\$3.00 per chaperones

Note: Scouts must be accompanied by a parent or troop leader. Activities vary according to level of badge. 75 – 90 minute workshops include planetarium show and hands-on activities that help complete or help with completing badge requirements.
